TECHNICAL INSTRUCTION

Maintenance - Scale

Description

The technical instruction describes the step by step process to conduct the maintenance of the scale of our devices.
**Step 1** Press the button on the bottom right

**Step 2** Press the key button

**Step 3** Enter code **08434** and press Enter button
Step 4  Press plant configuration button

Step 5  Press service level for plant configuration

Step 6  Press Feld-Bus button
Step 7: Choose component, e.g. 1

Step 8: Press the number on the left

Step 9: Press Maintenance On (Wartung ein)
Step 10
Press the arrow pointing to the top to go back

Step 11
Now you can see that scale 1 is gray and has no connection to the fieldbus anymore

Important!
If a scale is disconnected from the fieldbus, maintenance must be activated beforehand. Otherwise there will be a malfunction in the fieldbus communication!
